

## Voluntary Supplemental Insurance

*Have you considered adding voluntary supplemental insurance to you current benefits?*

Adding benefits can help relieve the stress caused by sudden illness, accident, or death. They can also help cover some non-medical expenses that your current insurance might not cover. Allstate Workplace Division (AWD) is one of the leading providers of voluntary supplemental insurance benefits. As a member of AAMD you will receive preferred Underwriting (no medical questions asked at time of enrollment) and group pricing.

*The Apartment Association of Metro Denver in partnership with Peliton is pleased to offer Voluntary Supplemental Insurance products to our members.*

### Group Voluntary Critical Illness Insurance

Did you know that over 50% of all bankruptcies in the U.S. are due to unpaid medical bills. 75% of those that declare bankruptcy for this reason had medical insurance at the time of the illness and the total dollar amount owed was \$11,500.

#### **Why employees should choose Critical Illness Insurance.**

**Empowerment**—Employees have the financial means and control to make their own healthcare decisions

**Guarantee Issue**—All employees will be able to enroll in the Critical Illness product without any health questions if participation requirements are met.

**Purchasing Power**—Lump sum payment to employee upon diagnosis.

**Wellness & Lifestrive**—Employer gains advantage of population health screening and wellness program at no cost. The employee gains advantage of early detection.

### Group Voluntary Accident Insurance

Protecting you and your family against the additional expenses associated with accidental injury is no accident. And, though you cannot plan your next accident, you can plan protection against the high costs associated with accidental injury and death.
